

ANDREWS PRAISES WYCOMBE

CARDIFF boss Jimmy Andrews was full of praise for Wycombe Wanderers' efforts at Ninian Park on Saturday.

"Wycombe's performance was no surprise to me," he said afterwards. "They were just what we expected and if they had had just a little more up front we would have been in real trouble.

"I wouldn't like to pick out any individuals from what was a fine team performance but the goalkeeper did exceptionally well.

"Wycombe's composure and discipline impressed me. They played for each other and worked really hard. One thing's for sure, I'm glad we don't have to go over to Loakes Park on Wednesday."

Wanderers' manager Brian Lee was pleased with his team's performance. "We certainly didn't disgrace ourselves and I'm pleased with the way they played. We had a great chance early on in the game which might have gone in with a little more luck but Cardiff also had their chances

and the goal margin might have been greater.

Mike England, one of the most experienced centre halves in the game also praised Wycombe after the game.

"They played very much as we expected, cutting down our space, keeping tight on us and giving us very little time. I thought number 11 (Horseman) looked one of their best players and also the six (Reardon), played well. All in all, I'm glad to have got this one over. It was a much harder game than the previous round when we beat Exeter."
